

# Contentboom

The diagram consists of five circles connected by lines. At the bottom center is a circle labeled "Hoofdonderwerp" (Main topic) with a horizontal line below the text. From the top of this circle, two vertical lines extend upwards. Each of these lines branches into two, connecting to four circles arranged in a diamond shape. Each of these four circles is labeled "Subonderwerp" (Subtopic) and contains a horizontal line above the text, followed by four more horizontal lines for content. The circles are connected to each other by curved lines at their top and bottom edges.
